

Amendment to Regime Rule

Regime Rule 15 (as amended and adopted on May 16, 1996. regarding curbing locations)

Two areas within the Regime are designated as the **SOLE** areas for the curbing of dogs are the **ONLY** areas in which it is acceptable for animals to relieve themselves. One is the small meadow across Bickel opposite the Regime entrance. The other is at the opposite end of Crescent Spring drive to the right of the stand of garbage cans off the end of Building 16/Unit 376. Scoopers are available at both locations and owners are expected to scoop routinely their animal's solid waste and dispose of it in a sanitary manner.

Amended to: Four areas within the Regime are designated as the **SOLE** areas for the curbing of dogs and are the **ONLY** areas in which it is acceptable for animals to relieve themselves. The first location is the small meadow across Bickel opposite the Regime entrance. The second location is at the opposite end of Crescent Spring drive to the right of the stand of garbage cans off the end of Building 16/Unit 376. The third location is by the trash corral/dumpster between Buildings 13 and Building 14 (between units 612 and 614). The fourth location is located near the base of the driveway heading towards Ledgeview Park in the grassy area in front of the upper pool deck. "Doggie Stations" are located at these areas. The "Doggie Stations" provide plastic bags for picking up solid animal waste and a covered container to dispose of them.

Certificate of Adoption

The undersigned, being all members of the Board of Administrators of the Regime, hereby adopt the Amendment to Regime Rule 15 of the Owners' Association on June 24th, 2009.

The board of Administration ratified and reaffirms the Regime Rules Previously adopted (or amended) since October 27, 1981
